SYSTEMATIC PROBLEMS	
<b>Deposits &amp; Withdrawals</b>	The increase in the number of disputes related to withdrawals is largely due to operator requests for enhanced due diligence ('EDD'), including source of funds and/or wealth, in line with regulatory requirements. Consumers are often confused and/or concerned by the request for financial evidence. Additional guidance to consumers by the Gambling Commission and operators will help alleviate the need to escalate these complaints to an ADR.
<b>Responsible Gambling</b>	The remit of the ADR service provider is to investigate transactional and/or contractual disputes. When the dispute is a responsible gambling issue, this is deemed to be regulatory matter. If the consumer believes that a gambling operator has acted irresponsibly towards them, a complaint should be lodged with the Gambling Commission and not the ADR service provider. Further guidance from the Gambling Commission and operators will provide much needed clarity to vulnerable consumers.
